One machine will perform the work of ten girls hand labor. Six silver medals have been awarded this machine, in the Fairs of Boston, New York, Philadelphia, Albany, Balti-

British Colonies, also in France and Belgium.

An association of gentlemen in this town having purchased the Patent Right for this State of the above named Sewing Machine, and desiring to become fully acquainted with it operations and merits, appointed one of their number, Mr. S. P. Polley, (a well known and practical machinist,) to visit New York for this purpose. After a full and careful investigation of all matters pertaining thereto, Mr. Polley reports that he has witnessed the Sewing Machines in the highest state of successful operation. He took occasion to examine various other Machines intended for this purpose, none of which will bear a comparison with Lerow & Blodgett's; and parties who had purchased another right have abondoned it and bought this. An improved Machine, brought on by Mr. P., is now in

peration at the Tailoring Establishment of Mr. Chas. Barr, where it may be seen. We guarantee this Patent to be a valid one, and this Machine to perform all that is said of it in the above notice.

We are now prepared to sell County and Town Rights of this Patent, and we respectfully invite the attention of all Wood and Willow-ware; Medicines, Pills, who wish to make money to the merits of this Sewing Machine, which tells its own story. Orders may be addressed to S. P. POLLEY, Wil-
